SAFETY DATA SHEET

According to Directive 91/155/EEC

SECTION 1

PRODUCT NAME

DESCRIPTION

APPEARANCE AND ODOUR

THE SUPPLIER

Seriously Good Ideas Ltd

Newdigate Place

Dukes Road

Newdigate

Surrey

RH5 5BP

Tel: 0845 260 1990

SECTION 2

Melamine – Formaldehyde – polycondensate

CAS No. 64787-97-9

SECTION 3

Contains no hazardous components, in accordance with EU directive 68/547/EEC

SECTION 4

EYES

INHALATION

SKIN

SECTION 5

Low flammability (DIN 4102) dispose of fire debris and contaminated extinguishing water in accordance with local regulations

Extinguishing Media – Water, foam carbon dioxide (Co2), dry chemical

Carbon monoxide, hydrogen cyanide can be given off in a fire

SECTION 6

Not appropriate

SECTION 7

Handling

Storage

SECTION 8

Eye protection

Body protection

Hand protection

If breathable dust is formed

PRODUCT IDENTIFICATION

Eezies

Cleaning Sponge

Lightweight melamine resin foam

COMPOSITION/INGREDIENT INFORMATION % BY WEIGHT

HAZARDS IDENTIFICATION

No special measures necessary. Avoid dust formation. Processing machines must be fitted with local dust ventilation.

Keep in a dry place

EXPOSURE CONTROLS AND PERSONAL PROTECTION

Formaldehyde, < 0.1ppm Tested Refer to HSE Guidance Note EH 40 on Occupational Exposure Limits

to DIN 55666

Not appropriate

Not appropriate

Not appropriate

Use respiratory protection

SECTION 9

Appearance

Ignition temperature

Density

Solubility in water

PHYSICAL AND CHEMICAL PROPERTIES

White, odourless, solid blocks or sheets

> 580 °C

Approx. 10 g/l

Insoluble

SECTION 10

Stability

Conditions to avoid
Possible thermal degradation products

Hazardous reactions

SECTION 11**Acute Toxicity**

Non - irritant
Additional Information

SECTION 12

No hazardous effects known - Due to the consistency of the product, dispersion into the environment is impossible

SECTION 13

PRODUCT

CONTAINER

SECTION 14

No special requirements for transportation

SECTION 15

Version 2

STABILITY AND REACTIVITY

Stable under normal conditions of use.

Do not overheat – Starts to decompose at > 350° C
Carbon dioxide (Co2), water, carbon monoxide,
hydrogen cyanide

Not relevant

TOXICOLOGICAL INFORMATION

LC50/inhalation ratio: > 5.6 mg/1/4 h – Primary skin irritation

The product is not harmful to health provided it is handled and processed according to recommendations.

ECOLOGICAL INFORMATION**DISPOSAL CONSIDERATIONS**

Controlled waste: dispose in accordance with local authority regulations

Dispose of as general waste

TRANSPORT INFORMATION**REGULATORY INFORMATION**

Not classified as hazardous in accordance with EU directive 68/547/EEC

None necessary
